

# Building Partnerships for Success

## *Veterans Business Association – About Us!*

Founded in 2006 by a group of veteran business owners, the El Paso Veterans Business Association (EPVBA) is a non-profit association with the mission of growing member's businesses, promoting the interests of veteran business owners, and becoming the voice of veteran owned businesses in a competitive community.

Membership is comprised of veteran business owners, individual veterans, retirees, and their families interested in starting their own businesses, and associate members who support our mission

**Advance the interest of El Paso Veteran Owned Businesses  
through community awareness, effective networking,  
and community programs**

To pursue our mission, EPVBA has established programs and services that address the areas of legislative and legal advocacy, business development, access to capital and information access. EPVBA assists in the procurement programs available in the private and public sectors.

The El Paso Veterans Business Association is building a network and interactive database of veteran owned businesses. We are building "Partnerships for Success" to promote greater economic participation in business at the local, state and federal levels.

The El Paso Veterans Business Association is now on a quest to build alliances with other organizations and improve opportunities for veteran business owners as we accelerate our participation in both the public and private sector.

***The key to success lies in the strength that unity brings!***

For more information on our Association, membership, community projects and sponsorship opportunities, please contact The El Paso Veterans Business Association, Mills Building, 303 N. Oregon, Suite 610, El Paso, TX 79901
